DRY HIRE

HOW IT WORKS

STEP 1

Select the items you wish to hire.
Browse through our 'dry hire' items, and let us know your wish list.
Secure your booking by telling us your preferred collection and return date, along with the items you wish to hire.
A 25% deposit is required to secure.

STEP 2

We arrange a call around 8 weeks prior to your wedding or event to go over final details. This is when we need information such as your final quantities.
We will also confirm your collection time and date.

STEP 3

We have your items packed and ready for your collection day and allocated time.
You style the items to your hearts content and enjoy every minute of your celebrations.

STEP 4

The day after your event, you simply return the items to us, and we take care of the rest - even the cleaning!
(Extended hire may be possible subject to availability & charges)
